

Invitation to Tender

Changi Airport Group (Singapore) Pte. Ltd. ("CAG(S)") invites established companies/firms to operate, maintain and sell Apron Wi-Fi service in Singapore Changi Airport. Apron Wi-Fi service provides an airport-wide Wi-Fi network coverage at the baggage sorting areas, contact stands, remote and cargo bays of T1 to T4. The scope also includes the provision and selling of other services, if available, to our ground handling agents and customers.

We are looking for a company with a good track record in the business and the ability to operate and maintain enterprise Wi-Fi networks of similar project nature, scale and complexity.
