AIRPORT EMERGENCY SERVICE

FIRE PREVENTION CIRCULAR

To All Airport Staff and Partners

EMERGENCY EVACUATION ROUTE FOR CHANGI AIRPORT TERMINAL 2 DURING TERMINAL 2 EXPANSION (T2E)

This circular serves to remind all Airport Staff and Partners that the emergency evacuation routes for Terminal 2 during T2E remains unchanged.

2 Despite the ongoing T2E works, we would like to assure all tenants that the emergency exits leading to the emergency assembly areas are still accessible (refer to Annex A for directions to the assembly areas). For circulation spaces affected by hoardings, please look out for directional green exit signs that would point to safe refuge or means of escape.

3 Due to the Covid-19 situation, the fire evacuation drill for Terminal 2 shall be on hold until further notice from the authorities. However, AES would be arranging for Table-top Exercises (TTE) to ensure that the appointed fire wardens are familiar with the evacuation route.

4 As such, all appointed fire wardens are expected to be familiar with the emergency evacuation route. For further clarifications, you may contact the Fire Prevention (FP) of the Airport Emergency Service at 6541 2535 or e-mail to ismail.rafiqy.musni@changiairport.com.

A handwritten signature in black ink, appearing to read "Addison Low".
