

Changi Airport Social Story

*For Passengers with Autism
Spectrum Disorder (ASD)*

WELCOME TO CHANGI AIRPORT!

At Changi, we understand travelling through an airport can be a stressful experience. It can be even more challenging for passengers with Autism Spectrum Disorder (ASD).

With the support from Rainbow Centre Training Consultancy (RCTC), we have created this social story as a guide to prepare you and your child for your upcoming trip. We understand that every individual is unique, so please feel free to customise this editable Powerpoint slides to make it your own! By providing these information for pre-trip planning, we hope to make travel as comfortable and stress-free as possible during your time with us at Changi.

Thank you and enjoy Changi!

WELCOME TO CHANGI AIRPORT!

Many people travel through Changi airport. It can be crowded and noisy.
