

Changi Airport Sensory Map

Terminal 3

To prepare for your visit to Changi Airport, we've partnered Rainbow Centre, a social service agency in Singapore, to create the Changi Airport Sensory Map. The map is designed to help you plan your visit and navigate through our terminals by identifying quieter rest areas, accessible facilities and services, as well as attractions for you and your loved ones to enjoy before your flight or when you arrive at Changi.

Public Transit → Flow Direction

Quieter Rest Areas
Seating areas that are generally quieter, with fewer people and sensory inputs

Attractions
Beautiful spaces and creations to enjoy while waiting for your flight

Care@Changi Facilities
Facilities and services to make your experience more comfortable
